

SANEI SK1-21/31/32/41 from Stanic Compact, Open Frame Ticket, Receipt & Label Printers

- SK1-21 200mm/sec 56 / 60mm paper width model Mechanism dimensions 104 x 145.5 x 85.4mm
- SK1-31 200mm/sec. 58 / 60 / 80 / 83mm model Mechanism dimensions 127 x 145.5 x 85.4mm
- SK1-32 200mm/sec. 54 / 56 / 72 / 80mm "Drop-In" Clamshell model Mechanism dimensions 128 x 174.5 x 74.2mm
- SK1-41 150mm/sec. 80 / 83 / 112 mm paper width model Mechanism dimensions 160.9 x 159.3 x 88.1mm.

Star Micronics is pleased to introduce Sanei's compact range of open frame printers which completes the Star portfolio of printing solutions for limited space enclosures. Despite their entry-level price, these kiosk printers offer the user valuable, simple-to-use features.

Fast, high quality 203 dpi print at speeds up to 200 mm/second.

USB and Serial Dual interface.

The "Crocodile open mouth" style paper loading and spring loaded paper roll holders allow the kiosk builder to consider the simpler choice of front operating access only.

Flexible mounting options include the vertical orientation 90° position for the thinnest of vertical footprints matching today's latest generation of slimline kiosks for the SK1-21 and SK1-31 models.

Simple paper loading using standard receipt style paper rolls with an outside diameter up to 120mm and the option of using either a 12.5mm or 25mm core. (The 25mm default is simply changed to 12.5mm by removing the outer concentric circle on the roll holder). **Sensors** include Near End, Paper End, Reflection and Gap. 200 outside diameter roll option (HL02 for SK1-21/31 HL03 for SK1-41).

Versatile operating environment (-20 to 60 degrees)

There are a range of specific drivers available for various operating systems. The open frame printers are ESC/POS[™] compatible and therefore compatible with a wide range of software. (Star users note: These printers are not included on the StarPRNT Intelligence Software Support CD).

Star's PS60 power supply option with power cable option works perfectly with the small power conversion cable (CB-2k1-D3)) which must also be ordered for the SK1-21,SK1-31& SK1-32 models. There is a separate power supply for the SK1-41 (SA1-3A240) which does not include the local power cable which must be supplied by the customer.

One button "Crocodile Snap" Style Print Head Access

Semi Automatic, Front Access Paper Loading

Sig

Specifications

Specifications		
Model	SK1-3X series	
Printing method	Direct line thermal	
Resolution	8dots/mm (203dpi)	
Number of dots	432 / 448 / 576 / 640dots	
Printing / paper width	54/58mm, 56/60mm, 72/80mm, 80/83mm	
Paper thickness	60 to 150µm	
Printing speed	Max 200mm/sec.	
Interface	RS232C + USB2.0	
Font	8x16, 12x24 dots	
Character type	PC437/850/852/857/858/860/863/865/866, WPC1252	
Barcode	JAN8/13, CODE39, ITF, CODABAR, CODE128, UPC-A/E	
2D Barcode	QR, Maxicode, Micro PDF-417, PDF-417, DataMatrix	
Cutter	Full and Partial cut (Command selectable)	
Sensor	Paper empty, Black mark, Label gap, Paper near end	
Power supply	24VDC ± 5%	
Operating condition	-20 to 60℃, 20% to 80%RH (Non-condensing)	
Reliability	150Km, 200million pulses/Print head, 1,500,000cuts/Cutter	
States and a state of the states	SK1-31 : 127×145.5×85.4mm (W×D×H)/630g	
Dimensions/weight	SK1-32 : 128×174.5×74.2mm (W×D×H)/730g	
	SICI-SE . LEGATIA-SALA-SHILL (MADADA) 1300	
Safety standards	CE, FCC, VCCI
